PLEASE NOTE

For those that ran this course last season, please note that for this season the course is significantly different to last season, when large sections were unavailable due to being under vast quantities of rain water.

Except for crossings, only two short sections **H-J** (which has ample grass verge) and **K-L** are on “hard” paths.

F – H is through woodland path –so be aware of tree roots and stumps, the rest of the route is grass paths of various “textures”.

The drainage ditches around the football field have been dug deeper and wider which has necessitated creating a bridge at point **A** that was not required last season. There is a significant step up at this point as you leave the football field.

Walking the course prior to racing is highly recommended!

PLEASE KEEP OFF THE FOOTBALL PITCHES AT ALL TIMES!
